Organiser:

Mr Greg Knepi:

Greg is a Consultant oral and maxillofacial Surgeon, who has been working at Gloucestershire Hospitals NHS Foundation Trust since 2009. His specialist interest areas include Facial Deformity, and Medical Education.

Speakers:

Dr Ian Smith:

Ian is the Clinical Director of the Respiratory Support and Sleep Centre, the first UK sleep service to achieve international accreditation. The Centre offers a diverse range of services for patients with respiratory and neurological disorders, affecting ventilation or sleep, and delivered over 30,000 patient episodes in 2016. He has an active research program with 75 peer reviewed publications and has supervised 8 candidates for higher degrees. Current projects include the development of new diagnostics for patients for ventilatory failure with motor neurone disease and for sleep apnoea, particularly in children.

Mr Jonathan Collier:

Jonathan is a consultant Oral and Craniomaxillofacial surgeon in the Craniofacial Department of the Chelsea & Westminster NHS Foundation Trust. He is the principal orthognathic surgeon in the department and a core member of the specialist multidisciplinary group treating cancerous skin lesions. Jonathan is an Honorary Consultant at both Imperial College Healthcare NHS Trust and Barts Health NHS Trust where he is a regular member of the specialist clinic treating the long-term consequences of traumatic facial injury. Jonathan is on the invited faculty of a number of specialist courses, has a number of research interests and is an examiner for the Royal College of Surgeons.

Mr Sankar Ananth:

Ananth is a Consultant and Clinical Lead at Abertawe Bro Morgannwg University Health Board (ABMUHB) based between Morriston Hospital, Swansea and Princess of Wales Hospital, Bridgend. He qualified in dentistry from India and moved to the UK to pursue his surgical career. He studied Medicine at the University of Wales, Cardiff and his higher surgical training in Oral and Maxillofacial Surgery in London & South Wales and obtained his FRCS in 2012. He then did a fellowship in facial plastic surgery in Portland, Oregon, USA. Following his training he was appointed to a substantive consultant post in 2013. Subspecialty interests include Facial deformity & aesthetic reconstruction, Craniofacial trauma, Cutaneous malignancy, Salivary gland diseases, Advanced digital technology in maxillofacial surgery. Ananth has been the clinical lead for the maxillofacial unit at ABMUHB since 2015 and is a representative for the health board at the Welsh Consultants Committee. He is the course convener of the South Wales OMFS cadaveric course, an ATLS instructor and journal reviewer for the BJOMS and IJOMS. Ananth is married with 2 children. He enjoys cricket, astronomy and travelling.

Mr Andrew Sidebottom:

Andrew qualified BDS with honours, Bristol 1986, MBChB with honours and distinction, Birmingham 1993. FDSRCS (England) 1992, FRCS (England) 1995 and FRCS (OMFS) with gold medal 2000. He trained in Oral Surgery in Birmingham and Liverpool, basic surgical training in Bristol and Maxillofacial Surgery in Mersey region 1996-2001. He has been consultant in Nottingham since 2001 where he has developed the supra-regional specialist TMJ service. He is NICE adviser on TMJ replacement and NHS England adviser on TMJ replacement, orthognathic surgery and implants. He is former president of European Society for TMJ Surgery and is the BAOMS SSIG lead for TMJ. Associate editor of BJOMS since 2010.

Mr Nicholas Lee:

Nick is a Consultant Oral and Maxillofacial Surgeon and part of the regional Facial Deformity service for Sheffield and South Yorkshire. After completing his Dentistry (BDS 1992) at Sheffield University and Medicine (MBBS 2001) at the Royal Free London he undertook training in oral and maxillofacial surgery within London and entered the GMC Specialist Register in Oral and Maxillofacial Surgery in 2010. His interests include facial aesthetic surgery, orthognathic (jaw) surgery, facial (patient specific) implants, the management of post-traumatic facial deformity, quality improvement and health leadership.
